Praises:

FBC Roy: Will be making a greater impact through the expansion of their Food Pantry ministry. Many come to Christ through this ministry.

Eastside: Phillip Grant (w/ Paul) walked the campus of College of Southern Idaho. Looking for ways to make a greater impact there. Prayed over campus. Shared ideas. Encouraged by his desire to help make that impact greater.

January: Four churches to Port-au-Prince, Haiti with Collegians (hoping to get eyes on the ministry to see if we can see an upcoming mission trip with them in the future).

Associational Meetings across Utah and Idaho have been encouraging. Eastern Idaho had testified of over 170 professions of faith commitments for the past year through ministries related to that association.

Gideon Baptist Association in Southern Utah has changed their name to "Southeastern Utah Fellowship (of Churches affiliated with the Southern Baptist Convention)". The short name will probably be "Southeastern Utah Fellowship".

Golden Spike will be voting to revise their name at their upcoming annual meeting, as well to "Golden Spike Baptist Network" in keeping with the Vision 2020 report and action.
